"This Radium Silk Dress is the prettiest I ever saw!"

"NEW YORK'S most exclusive shop cannot show a lovelier model. Made with a quaint Tulle Bodice, offset with silver straps over shoulders and down front. A fetching panner extends all around the hips and the waistline is prominently brought out by a beautiful wreath of colored flowers. The Skirt is a wonderful model of expert design, being finished at bottom with scalloped radium taffeta, made on rose tulle."—Catherine Proctor.

"I Have Traveled Many Miles in Pullmans,

But to-day's shopping tour in a Pullman was the first time I found riding in a Pullman car a pleasure. Its ease of operation and smooth, easy riding, made the day most enjoyable."—Catherine Proctor.

The Pullman is truly the parlor car of the road. It should especially appeal to women.

"The Jefferson Market is Certainly An Ideal Market Place"

"It is, without doubt, the most perfect market I have ever seen, and I have visited many cities. It is so sanitary, light and clean. The food products are of the very best quality and the prices are very reasonable."

"Even on a day when the streets were frightfully muddy, the floors of the market were spotlessly clean. It makes me wish that sister and I had gone in for regular housekeeping."
